

# Mong Mong.

## SENIOR FULL-STACK & DEVOPS ENGINEER

 Vatara, Dhaka, Bangladesh  +880 1726969417  maungmatubbar@gmail.com  linkedin.com/in/mong-mong

### Core Skills

#### FRONTEND

React.js   Next.js  
TypeScript   Tailwind  
Three.js

#### BACKEND

NestJS   Node.js  
Express   Django  
Laravel  
REST / Webhooks

#### DEVOPS & CLOUD

AWS   Docker   Nginx  
Linux VPS   CI/CD

#### AUTOMATION & AI

n8n   Claude AI API  
Cursor AI

#### DATABASES

PostgreSQL   MySQL  
MongoDB   Redis

#### PAYMENTS & TESTING

Stripe   SSLCommerz  
bKash   Playwright

### Education

#### B.Engg. in Computer Science & Engineering

Green University of Bangladesh  
CGPA 3.15 / 4.00 · 2022

#### Diploma in Engineering (Computer Tech.)

Barishal Polytechnic Institute  
CGPA 3.12 / 4.00 · 2018

### Certifications

- PHP with Laravel Framework — BITM (BASIS), 2022
- Desktop Application Development (C#.NET) — People & Tech, 2018

### Reference

**Habibur Rahman**  
Lead Instructor, BITM (BASIS)  
+880 1711805110 · Karwan Bazar, Dhaka

### Professional Summary

Accomplished **Full-Stack & DevOps Engineer** with over **5 years** building enterprise-grade SaaS platforms, global logistics networks and AI-augmented web systems. Advanced across modern frontend (React, Next.js, Tailwind), scalable backend architecture (NestJS, Node.js, Django, Laravel) and cloud infrastructure (AWS, Linux VPS, Nginx, Docker). Proven track record integrating complex payment gateways, automated workflows (n8n), AI tooling and custom POS/management solutions.

### Professional Experience

#### Full-Stack & DevOps Engineer

Nov 2022 — Present

woow bd — Woow Global Ecosystem · Dhaka, Bangladesh

- Architected and deployed enterprise software — Logistics Management Systems, HRMS portals and CRM platforms for Woow Global.
- Engineered high-concurrency cloud infrastructure on AWS (EC2, S3, CloudFront) and Linux VPS with Nginx hardening, auto-healing scripts and SSL.
- Integrated multi-channel payment gateways (Stripe, SSLCommerz, mobile banking) with webhook listeners for real-time transaction reconciliation.
- Streamlined workflows using n8n automation and custom webhooks to sync logistics tracking, CRM leads and internal HR processes.
- Leveraged the Claude API and Cursor AI to accelerate backend logic, automate communication pipelines and refactor architecture.
- Implemented end-to-end (E2E) automated test suites with Playwright to ensure zero-downtime releases.

#### Web Developer

Jan 2021 — Feb 2022

RITE Solutions Ltd. · rite.com.bd

- Designed, developed and deployed web features with PHP & Laravel, maintaining scalable backend logic and clean architecture.
- Engineered a custom Point-of-Sale (POS) system — product cataloging, real-time inventory, order processing and transaction reporting.
- Optimized relational schema design and SQL queries, improving data-retrieval speed and system efficiency.
- Implemented authentication, authorization and role-based access control (RBAC) for admin and retail users.

#### Web Developer Trainee & Project Apprentice

Feb 2022 — Nov 2022

BITM (BASIS) · Karwan Bazar, Dhaka

- Engineered enterprise web modules using native PHP (OOP), the Laravel framework, MySQL and modern frontend technologies.
- Designed normalized relational schemas, role-based access control (RBAC) and AJAX-driven data-processing layers.

### Key Projects

#### FlatBook — Global Hospitality & Booking System · Next.js, Node.js, AWS, Webhooks, Payments

Multi-tenant property booking engine with instant payment webhook verification and AWS S3/EC2 infrastructure setup.

#### Woow Global Ecosystem — Logistics · HRMS · CRM · Next.js, Django, Laravel, PostgreSQL, n8n

Cross-border parcel/freight tracking with custom HRMS employee-lifecycle portals and CRM dashboards under one platform.

#### Ship For Me — Automated Logistics Order Parser · Django, Next.js, Gmail API, n8n, Webhooks

Parses order-confirmation emails from Gmail into an automated warehouse system in real time — zero manual entry.
